As your Representative in Congress, I regularly meet with constituents and local leaders to ensure communities across our district have access to the resources they need. Through my role on the House Appropriations Committee, I work each day to identify funding opportunities to improve our district.

It is important that cities have reliable access to clean water in times of drought. The riverside canal, meant to collect excess water, is not lined with concrete. Without a concrete lining, water can be lost as it is absorbed into the soil. Further, erosion can occur causing debris to end up in the water supply. That's why I am proud to have secured \$100,000 for El Paso County Water Improvement District No. 1. These funds will be used to concrete-line a 1-mile section of the riverside canal, allowing El Paso County to collect and store water for drought years.

100,000

Projects like this are crucial to ensuring that all Texans have access to water, especially in emergency situations. I am looking forward to seeing this funding in action in the near future. It is the privilege of a lifetime to serve our district in Congress. Each day I will continue to fight to address your concerns and identify further funding opportunities to ensure the needs of all Texans across our district are accounted for.
