COVID-19 Vaccines Now Available at CVS Friend-- As we continue to roll out the COVID-19 vaccine, I want to be sure you have all the latest information. Virginia recently partnered with CVS Health to administer the COVID-19 vaccine to eligible populations by the end of this week at select locations. As the vaccine supply grows, CVS plans to make the vaccine available in more stores throughout Virginia. If you meet Virginia's criteria to receive the COVID-19 vaccine, you can register in advance at CVS.com or through the CVS Pharmacy app. For anyone without access to the internet, they can contact customer service at (800) 746-7287. Walk-in vaccinations without an appointment are not currently available and will not be provided at this time. As I continue to receive updates on Virginia's distribution of the COVID-19 vaccine, I continue to make sure you are kept up to date. Sincerely, Rob
