Fri, 01 Oct 2021 13:02:00 -0400 Dear Friends, In September 2021, the remnants

of Hurricane Ida swept through our community and left devastating damage to

homes, schools, and businesses across the district. As I met with local

officials, first responders, and residents to survey the damage left in Ida's

wake, it was heartbreaking to see the destruction left by this storm and the

impact it had on families across our district. Not to mention the fact that

this flooding came just as our main streets and families were working to

overcome the hardships of the pandemic. Since the storm, I worked hard to

secure federal funding for NJ-11 counties through FEMA's major disaster

declaration. Essex, Morris, and Passaic Counties qualify to receive federal

aid. Today, I am reaching out to invite you to join a Hurricane Ida Recovery

Webinar on Tuesday, October 5th at 6 PM. This event will be hosted by my office

with speakers from FEMA, the New Jersey Office of Emergency Management, and the

Small Business Administration who will give presentations on available federal

assistance for homeowners and business owners. Speakers will be available to

answer questions from participants. Hurricane Ida Recovery Webinar Hosted by
