

From: Congresswoman Lori Trahan <Rep.LoriTrahan@mail.house.gov> To: David.todisco@mail.house.gov Subject: TEST Do you think we should end robocalls? Date: Thu, 21 Nov 2019 18:07:19 -0500 Friend, We are all annoyed at the number of unwanted robocalls we receive in a day. I've joined my colleagues in the House to crack down on robocalls. We passed the STOPPING BAD ROBOCALLS ACT. This legislation would increase penalties against the scammers who generate billions of unwanted calls each year. According to The Hill: "The number of robocallers dialing up U.S. consumers is on the rise. Some estimates say there were more than 48 billion robocalls in 2018, up almost 50 percent from the previous year." Listening to constituents like you is the most important part of my job. I hope you will take a few minutes to share your thoughts through this quick question. DO YOU THINK WE SHOULD END UNWANTED ROBOCALLS? YES NO It is my job to listen to the families of Massachusetts' Third District. Please fill out this survey to share your views and join my email list to stay up to date. Sincerely, Lori Trahan Member of Congress
