Massachusetts' fight against the climate crisis and highlighted the inequities

Massachusetts fight against the climate crisis and highlighted the inequities facing many in our community. As we continue advancing the movement for

facing many in our community. As as we continue advancing the movement for

environmental justice, we're going to need every resource we can muster. I have

good news: I secured nearly \$11 million in the 2023 federal budget to bolster

this fight across the Fifth District, including \$1.5 million to add solar

panels at Medford's Carr Park. I want to hear from you: **SHOULD CONGRESS INVEST**

panels at Medford's San Frank. I want to hear from you: SHOULD CONGRESS INVEST IN LOCAL GREEN TECHNOLOGY? These funds will help implement an innovative and

IN LOCAL GREEN TECHNOLOGY? These funds will help implement an innovative and

resilient community solar array over Carr Park's basketball court to power

electric vehicle charging stations, new LED lighting, phone and laptop charging

ports in the pavilion, and the playground's water features. I am thrilled to

bring these funds back home to Medford because, as Mayor Breanna Lungo-Koehn
