President Biden’s energy policies have been a complete disaster, resulting in the skyrocketing cost of gas and electricity bills. Biden has drained our Strategic Petroleum Reserve, our emergency stockpile of oil meant to keep our fuel supply and prices stable in cases of emergency, like a war in the Middle East.

His reckless policies have put domestic energy prices at the whim of global events, led to rolling blackouts and price increases, and diminished our energy independence.

I am continuing to advocate for an all-of-the-above energy strategy:

- Stop selling our emergency oil reserves
- Expand year-round access to higher biofuels blends like E-15
- Drill on available land
- Streamline the permitting process for energy projects

I will continue to work to ensure we are maximizing our own ability to fuel our nation and keep energy prices low for all Americans. As your Representative, I want to hear your feedback. Take my poll below to share your thoughts on unleashing American energy, or you can share other thoughts with me [here](http://engagement.mail8.housecommunications.gov/f/a/bea7GMGG7Te5eCuXzsk7QQ~~/AAS2y).
