Small businesses across the nation had been forced to close their doors. Students were falling behind as schools were forced to shift to remote or hybrid learning to protect the health of students, parents, teachers and staff. State and local governments across the U.S. were facing massive budget shortfalls. Millions of Americans were still out of work – and those who remained employed but not able to telework were not adequately protected from the virus as vaccines had not been widely distributed.&nbsp;  </span> <br> <br><span style="font-size: 12pt;">Working with President Joe Biden and Vice President Kamala Harris, in March 2021 we passed and enacted the&nbsp;  <a href="https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ target="\_blank" rel="noopener"><strong>American Rescue Plan</strong></a> which changed the course of the pandemic and jumpstarted our economic recovery. The American Rescue Plan:</span></p> <ul> <li style="text-align: left;"><span style="font-size: 12pt;">Funded our vaccination campaign that resulted in over <a href="https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ target="\_blank" rel="noopener">78% of American adults getting fully vaccinated against COVID-19</a></span></li> <li style="text-align: left;"><span style="font-size: 12pt;">Safely re-opened schools for in-person learning, including funds to make up for learning loss during the pandemic</span></li>

[Delivered a solution to the multiemployer pension crisis that](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ) saved over 1 million pensions and prevented thousands of businesses from closing

[Secured relief to American families in the form of stimulus checks and the expanded Child Tax Credit. The expanded Child Tax Credit](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ) helped reduce childhood poverty by over 40%

Rescued the child care system from collapse by securing urgent relief for child care providers and families.

Secured fully subsidized health care coverage for workers and families who lost their jobs

[Congressman Scott](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ) joined Speaker Nancy Pelosi, Senate Democratic Leader Chuck Schumer and other Democratic congressional leaders for the enrollment ceremony of the American Rescue Plan before it was sent to the White House for President Biden's signature.

The results speak for themselves. Since President Biden took office, the economy has added more than [10.5 million](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ) jobs, a record for the first two years in any president's term. We have recovered all of the jobs lost during the pandemic and we are currently at historically low unemployment levels.

But we knew that we needed to do more than just recover from the COVID-19 pandemic. We needed to set America up for long-term economic growth. That is what we did when we enacted the [Bipartisan Infrastructure Law](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ)— a once-in-a-generation investment in our nation's infrastructure. We are rebuilding our roads, bridges, ports, and airports, upgrading public transit and rail systems, replacing lead pipes to provide clean water, cleaning up pollution in the Chesapeake Bay, providing affordable high-speed internet to every family in America, delivering cheaper and cleaner energy to households and businesses, and creating good-paying jobs. Listed below are just [some of the local projects](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ) that have already received funding from the Infrastructure Law:

- \$400 million for upgrading Virginia's airports
- \$8 billion for Virginia's highway and transit systems
- \$536.8 million to repair Virginia's bridges
- \$400 million for the City of Norfolk's Coastal

Storm Risk Management Project which will help reduce and manage flooding for major portions of the city

- \$141.7 million for the Norfolk Harbor Deepening and Widening Project
- \$46.256 million to replace lead water lines in Virginia
- \$25 million for the expansion of I-64 in New Kent County

In addition to rebuilding our infrastructure, we remain focused on restoring American manufacturing and keeping our economy competitive into the future. That is why we enacted the bipartisan CHIPS and Science Act which will boost American manufacturing, supply chains, and national security, and invest in research and development, as well as science and technology to keep the United States the leader in the industries of tomorrow.

Both the pandemic and Russia's unprovoked war on Ukraine have contributed to the global inflation problem. Lowering costs for families and reducing inflation was a top priority for me and my colleagues in Congress. That is why President Biden and Congressional Democrats enacted the

target="\_blank" rel="noopener"><strong>Inflation Reduction Act

</strong></a>which:

- Lowers the cost of health care and prescription drugs:**

Reduces the cost of health care by extending Affordable Care Act enhanced subsidies, locking in lower health care premiums for roughly 308,000 Virginians according to the White House. This law also empowers Medicare to negotiate the price of prescription drugs and creates a new out-of-pocket cap for Medicare beneficiaries of \$2,000 a year, starting in 2025. It also places a \$35 monthly cap on insulin prices for Medicare recipients. For more information on how the this law will lower health care and prescription drug costs for Virginians, please

target="\_blank" rel="noopener">click HERE

- Addresses climate change and lowers energy costs:**

Delivers the most significant climate action in U.S. history, including turbo-charging the growth of offshore wind energy -- the Commonwealth of Virginia is uniquely positioned to be a leader in this growing industry. This law further strengthens our energy security, creates good-paying jobs, and delivers a healthy future for Virginian families. - Lowers the deficit**: makes a historic down payment of approximately&nbsp;[\\$300 billion](https://iqconnect.house.gov/iqextranet/iqClickTrk.aspx?&cid=VA03RS&crop=15590QQ)&nbsp;on deficit reduction to fight inflation.&nbsp;

&nbsp;<span style="font-size: 12pt;">And the Inflation Reduction Act is fully paid-for by making the largest corporations and the ultra-wealthy pay their fair share.&nbsp;The enactment of this bill into law —after the enactment of the&nbsp;American Rescue Plan, the&nbsp;Bipartisan Infrastructure Law, and the&nbsp;CHIPS and Science Act—puts our nation on the best path for the strongest economic recovery from the pandemic and invests in American jobs, manufacturing and our future. These legislative accomplishments are helping us confront inflation and climate change and have laid the groundwork to ensure that America’s economy is set up for success for years to come.&nbsp;

Congressman Scott, Speaker Nancy Pelosi, and Congresswoman Suzanne Bonamici (OR-01) attend the signing ceremony for S.J. Res 13, Congressional Review Act Resolution of Disapproval of the Equal Employment Opportunity Commission's Conciliation Rule, legislation that repealed a Trump-era rule that undermined civil rights enforcement.
