From: Congresswoman Lori Trahan <Rep.LoriTrahan@mail.house.gov> To: Katie.Petersen@mail.house.gov Subject: TEST TELL ME: Do You Support Protecting Women's Health Care Date: Thu, 02 Mar 2023 11:38:03 -0500 Representative Lori Trahan (https://trahan.house.gov) Friend, We are at a turning point. Today, millions of women and girls in states that limited or banned abortion care have less of a right over their own body today than they did just a year ago. In Ohio, a woman named Christina was bleeding so much from her miscarriage that she had to get in a bathtub to avoid making too much of a mess. When she finally made it to the emergency room, she was denied care and discharged from the hospital. She was bleeding again before she got home. In Texas, a woman named Amanda was told she was going to lose her daughter in the womb - there was nothing they could do to save her. Then, it took three days for her to become sick enough for the ethics board at her local hospital to determine she could legally receive lifesaving care. I believe what's happening to these women is horrifically wrong. That's why I just introduced the INFO for Reproductive Care Act to ensure women know what their state's laws mean for their reproductive health. We introduced it so women don't have to go hours or days waiting for a hospital lawyer to decide what care they can receive. But, I wanted to hear from you...
